

WT9 Aerospool Dynamic D-MDYY

134,500.00 EUR

SOLD

ASI are proud to present this 2007 Aerospool WT-9 Dynamic.

It was only flown in a private owner community. This airplane is in a very good condition, combined with top technical status and perfect maintained in a specialized Aerospool maintenance shop. With it's retractable gear (wide tires and brakes renewed with the yearly inspection 06/22) you can fly with a cruise speed of 240 km/h with a consumption round about 16 l/h MoGas/Super. With it's fuel tanks which provide 2 x 37,5 liters you can fly upto 4,5 hours.

Perfect travel comfort and large luggage compartments included!

The airplane got a tow hook for aerotows which is nearly new. The airplane was very rarely used for aerotows. No damage history!

We are looking forward to show you this beautiful aircraft!
