

Cirrus SR20 F-HJAD

240,000.00 EUR

Aviation Sales International is proud to present this 2001 Cirrus SR-20 G1. The SR-20 is the entry level model of the Cirrus lineup, offering all the safety benefits of a modern, composite aircraft, Cirrus Airframe Parachute System (CAPS), Avidyne MFD and GPS units in a sleek, stylish package ready to take your aviation experience to a new level.

The Cirrus SR-20 has a 6-cylinder continental IO-360-ES6B engine allowing you to cruise at 160kts with comfort and efficiency. The SR-20 is a perfect introduction to the Cirrus family of aircraft and is popular for both touring and training uses.

Our example comes with a fresh paint job, stout avionics layout and low-time engine, allowing years of worry-free aviation in the most popular 21st century General Aviation aircraft on the market.
