

Cirrus SR22 G2 N553CD

290,000.00 EUR

ASI is proud to present this Cirrus SR22 G2.

Meticulously maintained and boasting an impressive track record, this aircraft is in pristine condition and ready to soar.

With only 436 hours on both the engine and prop since overhaul, it's perfect to operate for many years without any higher investments.

Equipped with Avidyne Entegra, your flying experience will reach new heights of precision and safety. The advanced avionics system ensures seamless navigation and intuitive controls, empowering you to fly with absolute confidence.

But that's not all – this Cirrus SR22 G2 also features a integrated Terrain Warning and Awareness System

(TWAS). Stay informed and stay safe as the TWAS keeps you alert about potential obstacles, terrain changes, and hazardous weather conditions, giving you ample time to make the right decisions during your flight.

It's fully anti-ice and oxygen equipped if you need to climb over bad weather situations.
The decals are just foiled. So if you want to put on your own scheme that is no issue at all.

Whether you're a seasoned pilot looking for your next upgrade or an aviation enthusiast seeking an aircraft that strikes the perfect balance between performance and reliability, this Cirrus SR22 G2 is the answer to it.
