ASI is proud to present this Aerospool WT-9.

Discover the thrill of flight like never before with the AeroSpool WT9 Light Sport Aircraft.

With incredibly low 135 flight hours, this remarkable LSA is practically new, offering you an unparalleled opportunity to take to the skies with confidence.

The AeroSpool WT9 is designed for both performance and aesthetics.

Powered by a reliable Rotax 912 ULS engine, this LSA delivers an efficient and exhilarating flight experience. Glide through the air with ease and precision, and enjoy the responsive controls that make piloting a true joy.

The modern cockpit of the AeroSpool WT9 is equipped with Dynon avionics, providing you with all the information you need for safe and confident flights.

Step inside the spacious cabin that's designed with your comfort in mind. The ergonomic seating ensures both pilot and passenger enjoy a comfortable journey, making longer flights a breeze.

Don't miss out on this incredible opportunity to own an AeroSpool WT9 LSA with just 135 hours of flight time. Embrace the freedom of flight and elevate your experiences to new heights. Contact us now to schedule a viewing and experience the thrill for yourself!
