

Ikarus C42 D-MKED

54,000.00 EUR

SOLD

ASI is proud to present this C42 built in 2009!

Discover the skies like never before with the pristine Ikarus C42! With low 611 flight hours, this aircraft is equipped with modern features including LED strobes, Dynon EFIS, and electric flaps for an exceptional flying experience. Worried about expenses? Rest easy, as the parachute is valid till 2027, ensuring worry-free flights. It's MTOW is still 472,5kg but can be increased over Comco Icarus.

Regularly maintained in a professional maintenance shop, this C42 promises reliability and adventure.
