

2007 Augusta 109S Grand

0.00 EUR

The Augusta 109S Grand is one of the sleekest, most modern looking helicopters available on the market. Offering performance, style and luxury this helicopter is ready for any VIP or transport missions.

Our example is a 2007 model which comes single-pilot IFR equipped, with just 2266 hours on the airframe and engines. The Pratt and Whitney PW207C engines come with full FADEC and the aircraft comes with the optional auxiliary fuel tanks, provisions for floats, SATCOM and a baggage extender. This aircraft benefits from being maintained by the world-famous Eurotech helicopter services in Italy.

With a luxurious 3+3 leather seating arrangement, fridge drawer and curtains, this helicopter is a step-up in luxury from most helicopters.

Contact Aviation Sales International today for your chance to own this incredible machine.
