

## 1965 Beech Debonair F-BLGD

**180,000.00 EUR**

The Debonair offers a comfortable, fast cross country ride. It is a great example of an economical and useful complex aircraft, powered by a Continental IO-470K with a constant speed prop.

This 1965 Debonair has practically turned into a brand new aircraft. Professionally gone over with a fine tooth comb, in 2023 this airplane received new paint, new interior, hardware replaced, new windows, new seals, you name it. No expenses spared on this beautiful restoration of a classic airplane. The Debonair is ready to meet your missions needs with its fast cruise, low operating expenses and with only 623 hours SMOH it is ready to fly for a long time.

Don't miss your chance to grab this striking restoration, contact Aviation Sales International today!
