

## Piper PA46 310P Malibu

**290,000.00 EUR**

+ EU Vat  
**SOLD**

ASI are proud to present this low time Piper PA46 Malibu with just over 2000 hours total time the aircraft is in very good condition, both the engine and propeller were recently overhauled and have just been run in since.

The aircraft presents well and the exterior coach work along with the 4 blade MT propeller really set it off. Yes the avionics are a little dated but they are the only thing that requires investment and this is reflected in the asking price. If you would like a fast pressurised aircraft to get above the weather then this is the ideal choice.

# Aircraft details
