ASI are proud to present this MBB BK117 B-2 helicopter. The aircraft was built in 1991 and operated by the German police from new. With just over 9300 hours since new it is in good condition with high remaining times on all components. Idea for utility use or could be converted for VIP transport. Currently the helicopter is configured for 8 in 2+6 seating but it is possible to take 11 people with high capacity layout. The helicopter is fitted for full IFR flight with autopilot. We are also able to arrange repainting to buyers requirement. The aircraft is in full flying condition and can be viewed any time at our showroom facility at Neustadt Aisch EDQN.
