

Cessna Silver Eagle

620,000.00 EUR

+ EU Vat

ASI are proud to present this outstanding Cessna P210N Silver Eagle Turbine N210RD. Converted in 2005 with a fresh Rolls Royce 250-B17 turbine with power upgrade it is producing a whopping 477SHP. With a TAS north of 200knots and a fuel burn of around 80 liters of JetA1 per hour this really is a true IFR touring aircraft to get you high above the weather in pressurised comfort and with the reliability of the proven and tested Rolls Royce Allison turbo prop. Propeller just 30 hours since new. Visit our showroom today at Neustadt Aisch EDQN.
