Cessna 421C Golden Eagle N421MU

+ EU Vat
SOLD

ASI are proud to present this outstanding Cessna 421C Golden Eagle built in 1977. The aircraft has had a fortune spent on it to bring it up to date with two fresh zero time factory engines in 2021 and two tone leather interior in the same year. All exterior coach works were completed from bare metal in 2018 and she just looks fantastic. Everything is working well and Avionik Straubing have just serviced the instruments and autopilot. With seating for eight including the belted potty there is plenty of room for passengers and bags. The aircraft has two additional locker fuel tanks for extra endurance. If you are looking for a fast twin to get you around high above the weather in pressurized comfort then look no further then this Golden Eagle.
