

## Barron 55 N55BN

**125,000.00 EUR**

+ EU Vat  
SOLD

ASI are proud to present this Beechcraft Baron 55 built in 1973 with a total of 3930 hours since new. If you are looking for a good all round touring aircraft then this Barron 55 can't be beaten. The exterior coach work is stunning, it had a bare metal repaint under ten years ago and has been hangared since. She benefits from having additional seating in the rear so a total of six seats along with a full IFR platform consisting of both a Garmin GNS530 and GNS430 and Century III autopilot. Both the engines are on condition and this is reflected in the asking price but they all have high compressions and are running strong. The aircraft is in our showroom at Neustadt Aisch EDQN and can be viewed any time.
